Whereas the global community now faces extraordinary challenges such as global health issues, food and water shortages and economic struggles; and

Whereas all people, regardless of race, gender, income or geography, have a moral right to a healthy, sustainable environment with economic growth; and

Whereas it is understood that the citizens of the global community must step forward and take action to create a green economy to combat the aforementioned global challenges; and

Whereas a green community can be achieved on the individual level through educational efforts, public policy and consumer activism campaigns; and

Whereas let it be known that the *Wilmer City Council* hereby encourage our residents, businesses and institutions to use *Earth Day* to celebrate the *Earth* and commit to building a sustainable and green economy.

Now Therefore, I, Casey Burges, Mayor, proclaim Saturday, April 22, 2017 as "Earth Day" in the City of Wilmer, and encourage others to support green economy initiatives and undertake similar actions.

In Witness Whereof, I have set my hand and caused the seal of the City of Wilmer to be affixed this 6th, day of April 2017.
